## January 2009 - Financial Update

### TSC Financial Partners Needed!

**2008 Balance** So many lives were impacted through TSC's worldwide ministry throughout 2008! And that was thanks to YOU, the financial partners! After recently reconciling the accounting for 2008, I noticed that the projected funds were not enough to cover the expenses. Due to unexpected expenses at the end of the year and a warranty company not reimbursing nearly \$1,000 of work... the deficit is \$2,800. This means before ministry can be done in 2009, this amount must be paid off!!! Please consider contributing to help cover these expenses.

**2009 Update** This year is jam packed with more than 20 projects to complete! With clear goals and a set schedule, I'm excited to see the Lord move in '09 through TSC's ministry... but I need YOUR financial partnership. I know it's difficult to picture missionaries needed in this part of the world, it's easier to support those in 3rd world countries. But the Lord has called me to Australia, I can't turn my back on where the Lord has called me! Please prayerfully consider partnering with TSC this year. You will be blessed as you support the ministry here in Australia and abroad.
